Of the four Quarters of the year.

The Spring Quarter begins the 10. day of March about noon: at which time the Sun enters the first scruple of ♈, and the Earth of ♎.

The Summer Quarter begins the 11 day of June, 12 min. past 3 in the afternoon: at which time the Sun enters the first point of ♋ and the Earth of ♑.

The Harvest Quarter begins the 13 day of September a quarter of an hour past 6 in the morning: at which time the Sun enters the first minute of ♎ and the Earth of ♈.

The Winter Quarter begins the 11 day of December, near 6 at night: at which time the Sun enters the first minute of ♑, and the Earth of ♋.

To

To know what time of the day it is by your hand take a straw or what else you please & put a inches long. Hold it streight on your hand upon the edge of your left hand, on the end of the line of life then turn your hand to the Sun until the shadow of the hall of the thumb reach to the line of life & the shadow will point at that part of the hand which sheweth the hour of the day. &c.
